

Edgartown Chair

A refined take on the classic spindle-back dining chair, the Edgartown Chair blends traditional craftsmanship with a softened, modern profile. The gently curved crest rail and tapered spindles create an open, airy back, while the sculpted hardwood seat provides a comfortable, supportive sit. Its proportions strike a balance between heritage design and contemporary simplicity.

Crafted from solid hardwood, the Edgartown Chair highlights the natural character of the material through clean lines and hand-finished surfaces. The subtly angled, tapered legs and spindle construction deliver both strength and visual lightness, making it a versatile piece across a range of interiors.

This handcrafted dining chair reflects the craftsmanship, material selection, and design precision that define every Vestige Furniture Studio build.
